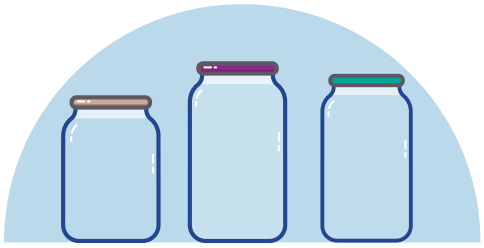
Take the first step to learning together as a family

Try this fun activity. It's a great way to save together with your family members. Part of the beauty is you get to see what you're actually filling the jars with.

1. Take three clean and clear jars.



2. Write and decorate your labels.

3. Your three labels should say "Save," "Spend," and "Give."

SAVE SPEND GIVE

4. Now set up a rule for yourself to remind you to save. For example, you could say:

"Every 5 dollar bill I make goes into Saving."

"Every two dollar coin, or toonie, I receive in gift or change goes into Giving."

"All my loose change goes into Spending."

5. Tape your labels on your jars and see how your money grows!
